

Dear CHTA Member,

Your CHTA membership is due! A key benefit of all membership categories is receipt of the bi-monthly CHTA newsletter with information about therapeutic horticulture (TH) and horticultural therapy (HT) programs across Canada, educational opportunities in TH and HT, and resources for research on people-plant connections.

CHTA members wishing to renew their professional registration status should remit the Professional Registration fee or the Business/Institutional category in addition to the Individual fee. A Business membership provides the additional benefits of a short complimentary listing on the CHTA website, an education listing in the CHTA newsletter, and two copies of each CHTA newsletter.

Your fee supports the mission of the CHTA to promote the use of TH and HT in a wide variety of settings and to raise standards for education and practice. Please complete the following to keep our records up to date. Thank you!

First Name _____

Last Name _____

Street _____
